PRESS RELEASE – FOR IMMEDIATE RELEASE

Mayor Chris Duncan would like to remind residents to exercise caution as our area prepares for winter weather conditions and freezing temperatures in the upcoming days. Residents are encouraged to remember the four P's – plants, pets, pipes, and people. Move plants and pets inside overnight for protection. All exposed water pipes and faucets should be covered with an insulating material such as foam wrap or towels. If residents plan to run water overnight, only a steady drip is needed to prevent freezing. When temperatures warm to above freezing, faucets should be turned off. Remember to check on neighbors and the elderly during this time.
