PRESS RELEASE – FOR IMMEDIATE RELEASE

Per Mayor Chris Duncan:

Trash pickup may be delayed due to traffic congestion associated with the I-10 bridge project.

During this time, please bring your cans and any excess (bulk) trash to the road the night before your normal trash day and leave at the road until it is picked up.

If your trash is not picked up on your scheduled day, please report the issue by calling 337-527-4500 or by using the Action Center under the Customer Service tab at www.sulphur.org.
