

Firefighter & Police Officer **ONLY** Exam Information

The Office of State Examiner will begin to administer regional entry-level Firefighter and entry-level Police Officer exams beginning in September 2020. The applicants will apply directly to our office, through the OSE website, during a 10-day posting period. The information on how to apply will be on the website under the “Competitive Applicants” tab. This link will take the applicant to the page with information on how to apply to take entry-level Firefighter and entry-level Police Office exams.

The application will be filled out and submitted to the email address provided on the link. This will be the **ONLY** way to submit an application. **We will not accept applications by mail. Applications will only be accepted during the 10-day posting period. Applications received before or after the 10-day posting period will be automatically rejected.**

Applicants will receive notification of acceptance 5 days prior to the test date via email provided on the application. This is also how each applicant will receive the test score.

When the OSE schedules the next entry-level Firefighter and entry-level Police Officer exam, a new 10 day posting period will be available on the website. The OSE suggests that interested applicants check the OSE website weekly for new exam dates coming in the future. Additional information concerning this process is available on our website.
