PRESS RELEASE – FOR IMMEDIATE RELEASE

Good afternoon, we are asking that residents please turn off dripping faucets during the daytime. We are currently experiencing low water levels at the water plants due to the high volume of residents continually dispensing water. We ask for the time being that you only drip faucets at nighttime.

To report a water issue please call 337-527-4583 during business hours and 337-527-4582 after hours.
