ORDINANCE NO. M-C SERIES

ORDINANCE GRANTING A REZONE TO CARL HARDY FROM RESIDENTIAL TO BUSINESS FOR PROPERTY LOCATED ON THE NORTHEAST CORNER OF BEGLIS PARKWAY AND MISSISSIPPI STREET.

BE IT ORDAINED by the City Council of the City of Sulphur, Louisiana, that they do hereby grant a rezone to Carl Hardy from Residential to Business for property located on the northeast corner of Beglis Parkway and Mississippi Street for the following described property:

A PORTION OF LOT 159 OF BLOCK 3 OF WEST POINT SUBDIVISION, PART C, A SUBDIVISION LOCATED IN SECTION 35, TOWSHIP 9 SOUTH, RANGE 10 WEST, MORE PARTICULARLY DESCRIBED AS A PORTION OF PARCEL #6-3 AND BEGINNING ON THE SOUTHEASTERLY LINE OF LOT 159 OF BLOCK 3 OF SAID SUBDIVISION, BEING THE INTERSECTOIN OF THE NORTHEASTERLY RIGHT OF WAY LINE AND THE WESTERLY EXISTING RIGHT OF WAY LINE OF TEXAS STREET, THENCE WEST 92 FEET, THENCE NORTH 54 DEGREES WEST 40.21 FEET TO THE EASTERLY EXISTING RIGHT OF WAY LINE OF ARIZONA STREET, THENCE NORTH 52.45 FEET TO THE NORTHWEST CORNER OF LOT 159, THENCE EAST 125 FEET TO THE NORTHEAST CORNER OF SAID LOT; THENCE SOUTH 75.45 FEET TO THE POINT OF BEGINNING, CONTAINING 0.21 ACRES MORE OR LESS, TOGETHER WITH ALL IMPROVEMENTS SITUATED THEREON.

BE IT FURTHER ORDAINED, that the following stipulations be placed on property:

- 1. A 6-foot privacy fence shall be along the north and east property lines.
- 2. Shall maintain a 6-foot-wide buffer yard along the north and east property lines.
- 3. Shall develop a drainage plan and have it approved as part of the permit process.
- 4. Access shall be limited to Beglis Parkway and Mississippi Road.

This rezone is granted by the City of Sulphur and may be withdrawn by the City of Sulphur should said rezone interfere with the rights and privileges owned by the City of Sulphur pursuant to a pre-existing right of way, servitude, or easement. If withdrawn, any improvements constructed thereon shall be removed at the expenses of owner thereof.

Grantee hereby agrees and contracts to hold Grantor harmless from any damages created and/or caused by the granting of this rezone, including, but not limited to, litigation defense, litigation costs, violation of subdivision restrictive covenants, building code violations or any other damages, property and/or monetary or otherwise, relating thereto.

Upon approval of this rezone the owner of this rezone shall be responsible for the recordation thereof, with the Clerk of Court, Calcasieu Parish, Louisiana, and shall provide the City of Sulphur a receipt evidencing recordation within 10 days of the effective date of this rezone.

No work shall commence until all applicable permits are obtained. In the event work is commenced prior to obtaining all applicable permits, this rezone shall be withdrawn and considered null and void.

BE IT FURTHEREST ORDAINED by the City Council of the City of Sulphur, Louisiana, that they do hereby grant a rezone to Carl Hardy from Residential to Business for property located on the northeast corner of Beglis Parkway and Mississippi Street with the above stipulations.

	APPROVED AND ADOPTED by the City Council of the City of Sulphur, Louisiana, on this day of, 2024.

Re: Lot 169 of West Point Subdivision - Rezone Request

Comments: Application:

Carl Hardy has requested a rezoning of the referenced area from Residential District to Business District.

Findings:

In accordance with Article III, Part 2, Section 5(3) of the Land Use Ordinance (Ordinance), the application has been reviewed. The following findings are offered for your consideration:

- 1. The Application appears substantially complete.
- 2. The considered area is bordered by developed land.
- 3. The considered area is bordered by land zoned Residential and Business.
- 4. Residential land use for commercial activity is restricted to Home Occupations, Day Care and Neighborhood Commercial establishments.
- 5. The nearest, contiguously zoned *Business* land use area is on the south side of Mississippi, across the street from subject lot.
- 6. The request to amend the land use map will not constitute "spot zoning".

7. The considered area is considered a future business corridor under City of Sulphur Master Plan

Recommendations:

With the Master Plan encouraging a *Business* corridor in the vicinity, a recommendation for rezoning *can* be made.

The following stipulations or restrictions are suggested:

- a. 6' privacy fence along north and east property lines
- Maintain 6' wide buffer yard along north and east property lines
- Develop a drainage plan and have it approved as part of the Permit process
- d. Access limited to Beglis Parkway and Mississippi Street

PRORATIONS, SPECIAL ASSESSMENTS, AND OTHER COSTS: Real estate taxes, flood insurance premiums if assumed, rents, condominium dues, special assessments, homeowners' associations dues, and/or substantially similar dues or other costs for the current year shall be prorated through the date of the Act of Sale. Act of Sale costs, abstracting costs, title search, title insurance, and other costs required to obtain financing shall be paid by the BUYER, unless otherwise expressly provided for by the parties pursuant to a written agreement.

All necessary tax, mortgage, conveyance, release certificates or cancellations, and the SELLER closing fees, if any, shall be paid by the SELLER. On or before the date of the Act of Sale, the SELLER shall also pay all previous years' taxes, special assessments, condominium dues, homeowners' associations dues, and/or substantially similar dues or other costs, which were incurred or bear against the Property prior to the Act of Sale, unless otherwise expressly provided for by the parties pursuant to a written agreement.

For this Agreement, "special assessment" includes but is not limited to any assessment levied against the Property for payment of local improvement costs by state or local governmental authorities, political subdivisions, quasipublic bodies, or other public or private entities pursuant to agreement, contract, or law.

over those third parties holding the funds. I acknowledge the Broker is not legally required to disburse a security deposit in accordance with LAC 46:LXVII.2901 when a third party holds the Deposit.

Failure to deliver the Deposit shall be considered a default of this Agreement. If the Deposit is held by a Broker, it must be held in accordance with the rules of the Louisiana Real Estate Commission in a federally insured banking or savings and loan institution without responsibility on the part of the Broker in the case of failure or suspension of such institution. If the parties fail to execute an Act of Sale by date specified herein, and/or a dispute arises as to ownership of, or entitlement to, the Deposit or funds held in escrow, the Broker shall abide by the Rules and Regulations set forth by the Louisiana Real Estate Commission.

RETURN OF DEPOSIT: The Deposit shall be returned to the BUYER and this Agreement declared null and void without demand in consequence of the following events:

- If this Agreement is declared null and void by the BUYER pursuant to the Due Diligence and the Inspection Period as set forth in lines 198 through 253 of this Agreement;
- If this Agreement is subject to the BUYER'S ability to obtain a loan and the loan cannot be obtained, except as stated in lines 90 through 95 of this Agreement, but only if the BUYER has made good faith efforts to obtain the loan;
- 3) If the SELLER declares the Agreement null and void for failure of BUYER to comply with written document requirements as set forth in lines 90 through 95 of this Agreement;
- If the BUYER conditions the Sale Price on an appraisal is less than the Sale Price and the SELLER will not reduce the Sale Price as set forth in lines 113 through 122 of this Agreement;
- If the BUYER timely terminates the Agreement after having received the leases or assessments, as set forth in lines 171 through 175 of this Agreement;
- 6) If the SELLER is unable to timely deliver to the BUYER an approved sewerage and/or water inspection report as set forth in lines 255 through 267 of this Agreement;
- If the SELLER chooses not to repair or replace the sewer system(s) servicing the Property as per the SEPTIC/WATER WELL ADDENDUM, and the BUYER terminated the agreement as a result thereof.
- 8) If the SELLER chooses not to repair or replace the private water well system(s) as per the SEPTIC/WATER WELL ADDENDUM, and the BUYER terminates the agreement as a result thereof.

LEASES: The sale is conditioned upon the BUYER'S receipt of a copy of all written leases, excluding mineral leases, from the SELLER within five (5) calendar days of acceptance of the Agreement. The BUYER shall have five (5) calendar days after receipt of the aforementioned documents to notify the SELLER whether they are acceptable to the BUYER. Security deposits, keys/access, and leases are to be transferred to the BUYER at or before the Act of Sale.

PROPERTY CONDITION: THE BUYER ACKNOWLEDGES THAT THE SALE PRICE OF THE PROPERTY WAS NEGOTIATED BASED UPON THE PROPERTY'S APPARENT CURRENT CONDITION; ACCORDINGLY, THE SELLER IS NOT OBLIGATED TO MAKE REPAIRS TO THE PROPERTY, INCLUDING REPAIRS REQUIRED BY THE LENDER UNLESS OTHERWISE STATED HEREIN. THE SELLER IS RESPONSIBLE FOR MAINTAINING THE PROPERTY IN SUBSTANTIALLY THE SAME OR BETTER CONDITION AS IT WAS WHEN THE AGREEMENT WAS FULLY EXECUTED.

immediate access to the Property. The due diligence and inspection period will be extended by the same number of days that the BUYER is not granted immediate access to the Property or all utilities are not provided by the SELLER.

Effect of BUYER'S Failure to Timely Provide Written Termination or BUYER'S Request: Failure of the BUYER to timely provide written notice of termination or a written BUYER'S Request as described in lines 208 through 253 below prior to the expiration of the DDI Period shall be deemed as acceptance by the BUYER of the Property's current condition.

DDI Period Activities: During the inspection and due diligence period the BUYER may, at the BUYER'S expense, have any inspections made by experts or others of his choosing. Such physical inspections may include but are not limited to surveys, inspections for termites and other wood destroying insects, and/or damage from same, molds, and fungi hazards, and analysis of synthetic stucco, drywall, appliances, structures, foundations, roof, heating, cooling, electrical, plumbing systems, utility and sewer, including but not limited to septic tanks and pump grinder systems availability and condition, out-buildings, and square footage. Other due diligence by the BUYER may include but is not limited to investigation into the Property's school district, insurability, flood zone classifications, current zoning and/or subdivision restrictive covenants and any items addressed in the SELLER'S Property Disclosure Document. All testing shall be nondestructive testing.

BUYER'S OPTIONS PRIOR TO THE EXPIRATION OF THE DDI PERIOD: If the BUYER is not satisfied with the condition of the Property or the results of the BUYER'S due diligence or investigations, the BUYER may choose one of the following options prior to the expiration of the DDI Period:

OPTION 1:

A. The BUYER may elect, in writing, to terminate the Agreement and declare the Agreement null and void.

Effect of the BUYER'S Termination of the Agreement pursuant to Option 1: If the BUYER elects to terminate this Agreement in writing, the Agreement shall be automatically ipso facto null and void with no further action required by either party except for return of Deposit to the BUYER.

OPTION 2:

 A. The BUYER may present a single, signed, and complete written list to the Seller of the deficiencies and desired remedies ("BUYER'S Request").

B. If the BUYER selects Option 2, the following process shall apply:

(a) SELLER'S Response to BUYER'S Request: If provided a BUYER'S REQUEST, the SELLER shall respond
in writing as to the SELLER'S willingness to or refusal to remedy any deficiencies identified in the BUYER'S
Request. Seller's signed, written response shall be provided to the BUYER within 72 hours of receipt of the
BUYER'S Request ("SELLER'S Response").

 (b) Effect of SELLER'S Failure to Timely Respond to the BUYER'S Request: If the SELLER fails to timely respond to the BUYER'S Request in writing within the required time frame, then the BUYER shall have 72 hours from when the SELLER'S Response was due to notify the SELLER in writing that the BUYER will:

accept the Property in its current condition; or

(ii) elect to terminate this Agreement.

(c) Effect of the BUYER'S Failure to Timely Respond to SELLER'S Failure to Timely Respond: If the BUYER fails to provide this notice (lines 228 through 232) in writing within the required time frame, the Agreement shall be automatically, with no further action required by either party, ipso facto null and void except for return of Deposit to the BUYER.

Opinion of Value: \$ 13,000

02/12/2024

Effective Date:

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

It has been a pleasure to assist you. Please do not hesitate to contact me or any of my staff if we can be of additional service to you.

Software Certification - Any and all references in this (TOTAL) software regarding clients, intended users, intended users, definition of value, assignment conditions, relevant characteristics, scope or work performed, and/or any other conditions / assumptions relative to this assignment are superseded by data expressly entered by the appraiser, respectively.

Definition/Source of Value - The purpose of this report is to properly relay the appraisal analysis, opinions, and conclusions in a manner that is objective, impartial, and independent. The value being developed is the most common representation of this arena participant - market value. By definition, market value is the most probable price a property or properties should bring in an open competitive market under conditions requisite to a fair impartial sale where the buyer and seller are both acting knowledgeably and in their own best interest and assuming the price is not affected by unique stimulus or external forces. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: 1. The buyer and seller are typically motivated, 2. Both parties are knowledgeable and acting in their own best interests, 3. a reasonable time is allowed for the property to be exposed to an open and competitive sale arena, 4. Payment is made in terms of US cash or equivalent or in terms of financial arrangements comparable thereto, and 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sale concessions granted by anyone associated with the sale. This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July and August 1990, by the Federal Reserve System (FRS), by the National Credit Union Administration, (NCUA), by the Federal Deposit Insurance Corporation (FDIC), by the Office of Comptroller of the Currency (OCC), and by the Office of Thrift Supervision (OTS), being further referenced in regulations jointly published in 1994.

Intended User Certification: The Intended User of this report is the client listed herein. The intended use is to a market value evaluation of the property that is the subject of this appraisal. No additional intended users are identified by the appraiser. See USPAP Identification.

I HAVE NO PRESENT OR PROSPECTIVE INTEREST IN THE PROPERTY THAT IS THE SUBJECT OF THIS REPORT, AND HAVE NO PERSONAL INTEREST WITH RESPECT TO THE PARTIES INVOLVED WITH THIS REPORT.

No one including the intended user or 3rd party, should rely on these figures for insurance purposes.

No, employee, director, officer or agent of the lender, or any other third party acting as a joint venture partner, independent contractor, appraisal management company, or partner on behalf of the lender has influenced or attempted to influence the development, reporting, result or review of this assignment through coercion, extortion, collusion, compensation, instruction, inducement, intimidation, bribery or in any other manner. I have not been contacted by anyone other than the intended user (lender/client as identified on the first page of the report), borrower, or designated contact to make an appointment to enter the property. I agree to immediately report any unauthorized contacts either personally by phone or electronically.

Scope of Work: An exterior inspection of the subject property has been performed as of the effective date of this appraisal report. At a minimum, an exterior inspection was made of each of the comparable properties and listings. Appraiser work files were consulted for comparable information in the instances that a previous physical inspection occurred at the time of sale. The subject's immediate neighborhood was observed. A through search of the MLS, courthouse records and appraiser's work files was conducted during the course of comparable selection. All listings within the neighborhood boundaries determined by the appraiser were carefully analyzed to determine the most current market reactions and range of value for the subject property. Should acceptable comparable sales not be found within the immediate market area, competing market areas were examined. Adjustments for locational variances were applied when applicable. My analysis, opinions and conclusions are reported throughout the body of this appraisal report.

The subject property is located 12.7 miles from my office. This assignment requires geographic competency as part of the scope of work. I have spent sufficient time in the subjects market and understand the nuances of the local market and the supply and demand factors relating to the specific property type and the location involved. Such understanding will not be imparted solely from a consideration of specific data such as demographics, costs, sales and rentals. The necessary understanding of local market conditions provides the bridge between a sale and a comparable sale or a rental and a comparable rental

<u>Highest and Best Use Analysis</u>: In the site section on Page 1, highest and best use is reported to be Single Family Residence. Highest and best use is defined as the reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The subject, as improved and as vacant land, meets all necessary criteria due to market location, surrounding properties and current zoning restrictions.

Extraordinary Assumptions - The comparables used contain confidential information related to pricing, motivations, negotiations, concessions, fees, etc, that are not typically made known to those not a part of the agreement or closing. Even when provided an interview that confirms parts of a transaction, the values herein are based on the assumption that the data reported to the sources used is correct and reflects the specific marketable features. When more than one source is stated and there are differences in the levels/amounts of the features relevant for refinement, the source deemed most reliable and reflective of the comparable as of the date of that respective sale will be used for comparison.

The agreed fee for this report is: \$400.00

Estimate of market value regarding the Subject Property was derived according to the information obtained by Real Estate Professionals and Government Entities, such as Realtors, Brokers, Parish Tax Assessors, Clerks of Court and SWLA Multiple Service. Should factual information regarding the subject property or comparable sales conflict in anyway with what was provided by above mentioned parties as of the effective date of this report, the appraiser reserves the right to re-evaluate this report and adjust any information accordingly. Final opinion of value based on information provided and all information is assumed to be accurate as of the effective date of this report.

Sales recited are from the subject market area and are in acceptable proximity to the subject. They are the most recent and most comparable sales found, and considered the best market indicators as of the effective date of the appraisal report. All values affecting dissimilarities show no significant or quantifiable market reaction. A total sample of 7 was carefully observed with an initial farm list of over 32 listings. The indicated range of values brackets the final value opinion of the subject property. A weighted technique of distributing value was utilized in the final opinion of value. The final value was rounded.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale. (Source: FDIC Interagency Appraisal and Evaluation Guidelines, October 27, 1994.)

* Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions, such as home warranties. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustments are calculated on a mechanical dollar for dollar cost of the financing or concession based on the appraiser's judgment.

STATEMENT OF LIMITING CONDITIONS AND CERTIFICATION

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is valued on the basis of it being under responsible ownership.
- Any sketch provided in the appraisal report may show approximate dimensions of the improvements and is included only to assist the
 reader of the report in visualizing the property. The appraiser has made no survey of the property. Due to variances in sketching
 programs measurements can vary. Appraiser's sketch may differ from building plans.
- 3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 4. Any distribution of valuation between land and improvements in the report applies only under the existing program of utilization. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
- 5. The appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous waste, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. This appraisal report must not be considered an environmental assessment of the subject property.
- 6. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- 7. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- 8. The appraiser has based her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
- 9. The appraisar must provide her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower; the mortgagee or its successors and assigns; the mortgage insurer; consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
- 10. The appraiser is not an employee of the company or individual(s) ordering this report and compensation is not contingent upon the reporting of a predetermined value or direction of value or upon an action or event resulting from the analysis, opinions, conclusions, or the use of this report. This assignment is not based on a required minimum, specific valuation, or the approval of a loan.

CERTIFICATION: The appraiser certifies and agrees that:

- 1. The statements of fact contained in this report are true and correct.
- 2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- 3. Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- 4. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- 5. I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
- 6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- 7. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- 8. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- 9. Unless otherwise indicated, I have made a personal inspection of the interior and exterior areas of the property that is the subject of this report, and the exteriors of all properties listed as comparables.
- 10. Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

Effective Date:

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

It has been a pleasure to assist you. Please do not hesitate to contact me or any of my staff if we can be of additional service to you.

Software Certification - Any and all references in this (TOTAL) software regarding clients, intended users, intended users, definition of value, assignment conditions, relevant characteristics, scope or work performed, and/or any other conditions / assumptions relative to this assignment are superseded by data expressly entered by the appraiser, respectively.

Definition/Source of Value - The purpose of this report is to properly relay the appraisal analysis, opinions, and conclusions in a manner that is objective, impartial, and independent. The value being developed is the most common representation of this arena participant - market value. By definition, market value is the most probable price a property or properties should bring in an open competitive market under conditions requisite to a fair impartial sale where the buyer and seller are both acting knowledgeably and in their own best interest and assuming the price is not affected by unique stimulus or external forces. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: 1. The buyer and seller are typically motivated, 2. Both parties are knowledgeable and acting in their own best interests, 3. a reasonable time is allowed for the property to be exposed to an open and competitive sale arena, 4. Payment is made in terms of US cash or equivalent or in terms of financial arrangements comparable thereto, and 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sale concessions granted by anyone associated with the sale. This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July and August 1990, by the Federal Reserve System (FRS), by the National Credit Union Administration, (NCUA), by the Federal Deposit Insurance Corporation (FDIC), by the Office of Comptroller of the Currency (OCC), and by the Office of Thrift Supervision (OTS), being further referenced in regulations jointly published in 1994.

Intended User Certification: The Intended User of this report is the client listed herein. The intended use is to a market value evaluation of the property that is the subject of this appraisal. No additional intended users are identified by the appraiser. See USPAP Identification.

I HAVE NO PRESENT OR PROSPECTIVE INTEREST IN THE PROPERTY THAT IS THE SUBJECT OF THIS REPORT, AND HAVE NO PERSONAL INTEREST WITH RESPECT TO THE PARTIES INVOLVED WITH THIS REPORT.

No one including the intended user or 3rd party, should rely on these figures for insurance purposes.

No, employee, director, officer or agent of the lender, or any other third party acting as a joint venture partner, independent contractor, appraisal management company, or partner on behalf of the lender has influenced or attempted to influence the development, reporting, result or review of this assignment through coercion, extortion, collusion, compensation, instruction, inducement, intimidation, bribery or in any other manner. I have not been contacted by anyone other than the intended user (lender/client as identified on the first page of the report), borrower, or designated contact to make an appointment to enter the property. I agree to immediately report any unauthorized contacts either personally by phone or electronically.

Scope of Work: An exterior inspection of the subject property has been performed as of the effective date of this appraisal report. At a minimum, an exterior inspection was made of each of the comparable properties and listings. Appraiser work files were consulted for comparable information in the instances that a previous physical inspection occurred at the time of sale. The subject's immediate neighborhood was observed. A through search of the MLS, courthouse records and appraiser's work files was conducted during the course of comparable selection. All listings within the neighborhood boundaries determined by the appraiser were carefully analyzed to determine the most current market reactions and range of value for the subject property. Should acceptable comparable sales not be found within the immediate market area, competing market areas were examined. Adjustments for locational variances were applied when applicable. My analysis, opinions and conclusions are reported throughout the body of this appraisal report.

The subject property is located 12.7 miles from my office. This assignment requires geographic competency as part of the scope of work. I have spent sufficient time in the subjects market and understand the nuances of the local market and the supply and demand factors relating to the specific property type and the location involved. Such understanding will not be imparted solely from a consideration of specific data such as demographics, costs, sales and rentals. The necessary understanding of local market conditions provides the bridge between a sale and a comparable sale or a rental and a comparable rental

<u>Highest and Best Use Analysis</u>: In the site section on Page 1, highest and best use is reported to be Single Family Residence. Highest and best use is defined as the reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The subject, as improved and as vacant land, meets all necessary criteria due to market location, surrounding properties and current zoning restrictions.

Extraordinary Assumptions - The comparables used contain confidential information related to pricing, motivations, negotiations, concessions, fees, etc, that are not typically made known to those not a part of the agreement or closing. Even when provided an interview that confirms parts of a transaction, the values herein are based on the assumption that the data reported to the sources used is correct and reflects the specific marketable features. When more than one source is stated and there are differences in the levels/amounts of the features relevant for refinement, the source deemed most reliable and reflective of the comparable as of the date of that respective sale will be used for comparison.

The agreed fee for this report is: \$400.00

Estimate of market value regarding the Subject Property was derived according to the information obtained by Real Estate Professionals and Government Entities, such as Realtors, Brokers, Parish Tax Assessors, Clerks of Court and SWLA Multiple Service. Should factual information regarding the subject property or comparable sales conflict in anyway with what was provided by above mentioned parties as of the effective date of this report, the appraiser reserves the right to re-evaluate this report and adjust any information accordingly. Final opinion of value based on information provided and all information is assumed to be accurate as of the effective date of this report.

Sales recited are from the subject market area and are in acceptable proximity to the subject. They are the most recent and most comparable sales found, and considered the best market indicators as of the effective date of the appraisal report. All values affecting dissimilarities show no significant or quantifiable market reaction. A total sample of 7 was carefully observed with an initial farm list of over 32 listings. The indicated range of values brackets the final value opinion of the subject property. A weighted technique of distributing value was utilized in the final opinion of value. The final value was rounded.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale. (Source: FDIC Interagency Appraisal and Evaluation Guidelines, October 27, 1994.)

* Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions, such as home warranties. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustments are calculated on a mechanical dollar for dollar cost of the financing or concession based on the appraiser's judgment.

STATEMENT OF LIMITING CONDITIONS AND CERTIFICATION

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is valued on the basis of it being under responsible ownership.
- Any sketch provided in the appraisal report may show approximate dimensions of the improvements and is included only to assist the
 reader of the report in visualizing the property. The appraiser has made no survey of the property. Due to variances in sketching
 programs measurements can vary. Appraiser's sketch may differ from building plans.
- 3. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 4. Any distribution of valuation between land and improvements in the report applies only under the existing program of utilization. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
- 5. The appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous waste, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. This appraisal report must not be considered an environmental assessment of the subject property.
- 6. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- 7. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- 8. The appraiser has based her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanlike manner.
- 9. The appraisar must provide her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraiser's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraiser is associated) to anyone other than the borrower; the mortgagee or its successors and assigns; the mortgage insurer; consultants; professional appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without having to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.
- 10. The appraiser is not an employee of the company or individual(s) ordering this report and compensation is not contingent upon the reporting of a predetermined value or direction of value or upon an action or event resulting from the analysis, opinions, conclusions, or the use of this report. This assignment is not based on a required minimum, specific valuation, or the approval of a loan.

CERTIFICATION: The appraiser certifies and agrees that:

- 1. The statements of fact contained in this report are true and correct.
- 2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- 3. Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- 4. Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- 5. I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
- 6. My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- 7. My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- 8. My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- 9. Unless otherwise indicated, I have made a personal inspection of the interior and exterior areas of the property that is the subject of this report, and the exteriors of all properties listed as comparables.
- 10. Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

COOPERATIVE ENDEAVOR AGREEMENT BETWEEN THE CALCASIEU PARISH POLICE JURY AND THE CITY OF SULPHUR

STATE OF LOUISIANA PARISH OF CALCASIEU

THIS AGREEMENT is hereby made and entered into this _____ day of _____ 2024, by and between the CALCASIEU PARISH POLICE JURY, hereinafter referred to as "PARISH," a political subdivision of the State of Louisiana, represented herein by its duly authorized President, Anthony Bartie, and the CITY OF SULPHUR, hereinafter referred to as "CITY," a political subdivision of the State of Louisiana, and represented herein by its duly authorized Mayor, Mike Danahay.

WHEREAS, Article VII, Section 14(C) of the Constitution of the State of Louisiana provides that "for a public purpose, the State and its political subdivisions or political corporations may engage in cooperative endeavors with each other, with the United States or its agencies, or with any public or private association, corporation, or individual;"

WHEREAS, the PARISH has the authority under Louisiana Revised Statute 33:1236 to provide certain social programs for the benefit of the citizens of the PARISH;

WHEREAS, the PARISH has agreed to sponsor a Summer Food Service Program, hereinafter referred to as "PROGRAM," in coordination with the Calcasieu Parish School Board, area municipalities, and other community-based organizations in Calcasieu Parish;

WHEREAS, the CITY desires to cooperate with the PARISH in providing assistance with promoting the PROGRAM;

WHEREAS, the PARISH and the CITY consider the public benefit of providing nutritious meals to children who would otherwise not have access to the meals to be proportionate to the costs associated with this activity.

NOW THEREFORE, the PARISH and the CITY do mutually agree to the following terms and conditions of this agreement:

1. Scope of Agreement

The PARISH and the CITY hereby agree to the following:

A. PARISH Obligations:

- a. The PARISH will administer the PROGRAM on behalf of the CITY by working with the Louisiana Department of Education and the CITY and will adhere to all policies and procedures applicable in administering the PROGRAM.
- b. The PARISH will provide two (2) feeding locations inside the CITY limits.
- c. The PARISH will be responsible for hiring and paying persons to work in any aspect of the PROGRAM operations.
- d. The PARISH will include the CITY's logo on all PROGRAM advertisements.
- e. The PARISH will provide training for all PROGRAM employees.
- f. The PARISH will provide its own waste dumpsters at one (1) site.

B. CITY Obligations:

- a. The CITY will provide funding assistance in the amount of six thousand dollars (\$6,000) per lunch service location by May 31, 2024, in support of the operation of the PROGRAM.
- b. The CITY will assist with promoting the PROGRAM by advertising on various media outlets available to the CITY.

2. Term of Agreement

The initial term of this agreement shall commence upon execution of this agreement and shall continue until July 31, 2024.

3. Payment Terms

Under this agreement, the CITY agrees to pay the PARISH six thousand dollars (\$6,000) based upon three thousand dollars (\$3,000) funding assistance per lunch service location. Payment of the total amount is to be made to the PARISH by May 31, 2024, and is inclusive of all amounts properly due.

If this agreement extends beyond the current fiscal year and notwithstanding anything to the contrary and when applicable, both parties acknowledge and agree that pursuant to the applicable state law, this agreement is subject to an annual appropriation dependency requirement to the effect that the renewal of this agreement is contingent upon the appropriation of funds by either party to fulfill any future payment requirements of this agreement. If either party fails to appropriate sufficient monies to provide for any future payment requirements under this agreement, this agreement shall terminate on the last day of the last fiscal year for which funds were appropriated.

4. Amendments and Assignments

If there is a need to review and/or revise this agreement, the requesting party shall submit a written amendment to the other party, with the understanding that no amendment to this agreement shall be valid unless it is agreed and signed by both parties. This agreement shall not be assignable by either party without written consent of the other, except for assignment resulting from merger, consolidation, or reorganization of the assigning party.

5. Records and Audits

It is understood that this agreement will be utilized as part of a federal reimbursement grant (United States Department of Agriculture: Office of Food and Nutrition Service – Summer Food Service Program for Children (SFSP) – Assistance Listing Number (ALN) 10.559) and therefore both parties agree to maintain accounts and records, including personnel, property and financial records, adequately to identify and account for all costs pertaining to this agreement and to ensure full compliance with the requirements of the above grant.

For audit purposes, all records will be made available by both parties to any authorized representative of either party and said records will be retained for three (3) years from the final contractual payment under this agreement. It is also agreed that all records shall be made available to either party at no additional charge for such information. If any confidential information is obtained during the course of this agreement, both parties agree not to release that information without the approval of the other party unless instructed otherwise by court order, grantor, auditor, public information request or as required by law.

In compliance with grantor and national policy requirements, including the above referenced federal grant requirements, both parties agree to adhere to the following regulations, where applicable:

(a) Federally Required Contractual Provisions:

- (1) Administrative, Contractual or Legal Remedies are required in all contracts in excess of the simplified acquisition threshold amount that are funded with federal funds and are addressed in various sections of this agreement,
- (2) **Termination Provision** requires all contracts in excess of \$10,000 to contain a provision for termination of the contract for cause or convenience and this provision is addressed in Section 8 of this agreement,
- (3) For all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3, Equal Employment Opportunity, including Executive Order 11246 which was further amended by Executive Order 11375, which requires equal opportunity for all persons, without regard to race, color, religion, sex or national origin, employed or seeking employment with government contractors or with contractors performing under federally assisted construction contracts,

- (4) For all construction contracts in excess of \$2,000 and required by federal grant regulations, **Davis Bacon Act**¹ which requires payments of wages for laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor and said wage payments will be made at least weekly,
- (5) For all applicable contracts in excess of \$100,000 that involve the employment of mechanics or laborers, **Contract Work Hours and Safety Standards Act** which prohibits certain unsanitary, hazardous or dangerous working conditions and requires that wages of every mechanic and laborer to be on the basis of a standard work week of forty hours with any work in excess of forty hours per week to be compensated at a rate of not less than one and one-half times the basic rate of pay,
- (6) For all contracts that meet the definition of "funding agreement" under 37 CFR Part 401.2(a) and involve a contract with a small business firm or nonprofit organization regarding the assignment or performance of experimental, developmental or research work must comply with the **Rights to Inventions Made Under a Contract or Agreement** contained in 37 CFR Part 401,
- (7) All contracts, subcontracts and sub-grants in excess of \$150,000 must contain a provision which requires compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.
- (8) Debarment and Suspension (Executive Orders 12549 and 12689 and 2 CFR Part 180) which prohibit the contracting with any party listed on the "System for Award Management" (SAM.gov), which identifies all parties that have active exclusions (i.e. suspensions, debarments) imposed by a federal agency,
- (9) Byrd Anti-Lobbying Prohibition (31 U.S.C. 1352) prohibits the use of federal funds to pay any person or organization for influencing or attempting in influence anyone with any federal contract, grant or other award covered by 31 U.S.C. 1352 and also requires that Contractors that apply or bid for an award exceeding \$100,000 where federal funds are used must file the required certification stating that the parties will not and have not used federal funds to pay any person or organization for influencing or attempting to influence anyone with any federal contract, grant, or other award covered by 31 U.S.C. 1352,
- (10) Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment wherein 2 CFR Part 200.216 prohibits use of federal grant or loan funds to enter into, renew or extend any agreement to procure or obtain equipment, services, or systems that use telecommunications equipment or services produced by Huawei Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities) as a substantial or essential component of that system,

- (11) Domestic Preferences for Procurements for when federal funds are utilized, and where appropriate and to the extent consistent with other laws and regulations, 2 CFR Part 200.322 allows a federal award to provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).
- (12) **Procurement of Recovered Materials** as required by 2 CFR Part 200.323 which requires procurements in excess of \$10,000 to contain the highest percentage of recovered materials practicable while consistent with maintaining a satisfactory level of competition.

(b) National Policy Requirements:

- (1) Civil Rights Act of 1964, including Title VI, which generally speaking, states that no person shall on the grounds of race, color or national origin shall be excluded from participation in, be refused the benefits of, or be otherwise subjected to discrimination under any program or activity receiving federal financial assistance,
- (2) **Age Discrimination Act of 1975** which prohibits discrimination based on age in programs or activities receiving federal financial assistance,
- (3) Americans with Disabilities Act of 1990, with respect to building construction or alteration, prohibits discrimination based on a disability defined as a physical or mental impairment that substantially limits a major life activity,
- (4) Section 504 of the Rehabilitation Act of 1973, if specifically required by the federal agency, which prohibits the exclusion of an otherwise qualified individual because of a disability in programs receiving federal financial assistance including program accessibility, accessible new construction and alterations, reasonable accommodations and effective communication with hearing and visually disabled (this requirement may vary with each federal agency),
- (5) For all construction or repair contracts, Copeland "Anti-Kickback" Act which requires all contracts and sub-grants for construction or repair to contain a provision that prohibits a contractor or sub-contractor from inducing, by any means, any person employed in the construction, completion or repairs of public work to give up any part of the compensation to which he is otherwise entitled,
- (6) National Environmental Policy Act and National Historic Preservation Act which prohibit any activities that will have an adverse impact on the environment and regulate activity on property or structures that are deemed historic,
- (7) Energy Policy and Conservation Act which require the contractors to comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan,
- (8) Reporting Provision requires that all contracts should include a requirement that the SUB RECIPIENT assist the GRANTEE, when applicable, with any awarding agency requirements and regulations pertaining to reporting,

- (9) Record Retention Provision requires that any contract executed must include a provision that all required records will be maintained by the contractor/firm for a minimum period of three years after the GRANTEE formally closes out each federal program (GRANTEE and SUB RECIPIENT grant managers should verify the three year record retention period with each respective grant agency to ensure that a longer period is not required),
- (10) 2013 National Defense Authorization Act (41 United States Code (U.S.C.) 4712, Pilot Program for Enhancement of Recipient and Subrecipient Employee Whistleblower Protection) subjects any subawards and contracts over the federal simplified acquisition threshold to the provisions of the above act regarding rights and remedies for employee whistleblower protections,
- (11) National Flood Insurance Act of 1968 and Flood Disaster Protection Act of 1973 which require recipients of federal grants that are acquiring, constructing or repairing property in a special flood hazard area, and with an estimated cost in excess of \$10,000, to purchase flood insurance,
- (12) Wild and Scenic Rivers Act of 1968 which protects components or potential components of the national wild and scenic rivers system,
- (13) Resource Conservation and Recovery Act which requires proper handling and disposal of solid waste,
- (14) Toxic Substance Control Act which places restrictions on chemicals that pose unreasonable risks, such as surfaces that could be covered with lead-based paint,
- (15) Federal Agency Seal(s), Logos, Crests, or Reproductions of Flags or Likeness of Federal Agency Officials are prohibited from being utilized without specific federal agency pre-approval, and
- (16) False Claims Act and 32 U.S.C. Chapter 38 (Administrative Remedies) which prohibits the submission of false or fraudulent claims for payment to the federal government identifying administrative remedies for false claims and statements made which the CONTRACTOR herein acknowledges

6. Liability, Indemnity and Insurance

This agreement is intended for the benefit of the PARISH and the CITY and does not confer any rights upon any other third parties. All rights by and between the PARISH and the CITY are limited to the actions outlined in the applicable local, state and federal laws, regulations and policies.

The PARISH will indemnify, defend, and hold harmless the CITY, including the CITY's employees and agents, from and against any and all claims or liabilities arising from the fault of the PARISH, its employees or agents in carrying out the PARISH's duties and obligations under the terms of this agreement. The CITY will indemnify, defend, and hold harmless the PARISH, including the PARISH's employees and agents, from and against any and all claims or liabilities arising from the fault of the CITY, its employees or agents in carrying out the CITY's duties and obligations under the terms of this agreement. This section will survive the termination of this agreement. In the event that either party takes any action to enforce this

mutual indemnity provision, the prevailing party shall be entitled to recover reasonable attorney's fees and costs arising as a result thereof.

7. Termination of Agreement and Dispute Resolution

While both parties agree to negotiate all contractual disputes in good faith, the PARISH and the CITY both reserve the right to terminate this agreement at any time upon written notice of termination. If the parties are unable to independently and satisfactorily resolve any disagreement then both parties agree that any contractual disagreement will be resolved under the jurisdiction of the 14th Judicial District Court for Calcasieu Parish, Louisiana. In the event that court action is necessary then the parties agree that whoever prevails in the litigation is entitled to reasonable attorney's fees and costs as fixed by the Court.

8. Severability, Entire Agreement and Captions

This agreement shall be governed by and construed in accordance with the laws of the State of Louisiana. If any provision of this agreement is held invalid, void or unenforceable under any law or regulation or by a court of competent jurisdiction, such provision will be deemed amended in a manner which renders it valid, or if it cannot be so amended, it will be deemed to be deleted. Such amendment or deletion will not affect the validity of any other provision of this agreement. This agreement, any attached documents, and any referenced documents represent the entire agreement between the PARISH and the CITY and supersede all prior negotiations, representations or agreements, either written or oral. In the event of a conflict between this agreement and other documents, the terms of this agreement shall control.

Each paragraph of this agreement has been supplied with a caption to serve only as a guide to the contents. The caption does not control the meaning of any paragraph or in any way determine its interpretation.

9. No Authorship Presumptions

The PARISH and the CITY have had an opportunity to negotiate the language of this agreement in consultation with legal counsel prior to its execution. No presumption shall arise or adverse inference be drawn by virtue of authorship. The PARISH and the CITY hereby waive the benefit of any rule of law that might otherwise be applicable in connection with the interpretation of this agreement, including but not limited to, any rule of law to the effect that any provision of this agreement shall be interpreted or construed against the party who (or whose counsel) drafted that provision. The rule of no authorship presumption set forth in this paragraph is equally applicable to any person that becomes a party by reason of assignment and/or assumption of this agreement and any successor to a signatory party.

10. Address of Notices and Communications

All notices between the PARISH and the CITY provided for pursuant to this agreement shall be in writing. The name and address of the PARISH's representative is:

Mr. Bryan C. Beam, Administrator Calcasieu Parish Police Jury P.O. Box 1583 Lake Charles, Louisiana 70602

The name and address of the CITY's representative is:

Honorable Mike Danahay, Mayor City of Sulphur 101 N. Huntington Street Sulphur, Louisiana 70663

In the event that the mailing address of the PARISH or the CITY changes during the terms of this agreement, or that there is a change in the designated points of contact, the party with the address change or change of contact shall immediately notify the other party of the change.

MAINTENANCE AGREEMENT INCLUDING MOWING AND LITTER PICKUP

FOR THE FISCAL YEAR ENDING JUNE 30, 2025

BETWEEN

CITY OF SULPHUR

AND

STATE OF LOUISIANA
DEPARTMENT OF TRANSPORTATION AND DEVELOPMENT
OFFICE OF ENGINEERING

AGREEMENT

This AGREEMENT, ("Agreement") is made and entered into this _____day of, ______, 2024, by and between the STATE OF LOUISIANA, through the Department of Transportation and Development, hereinafter referred to as ("DOTD"), represented herein by its Secretary or his duly authorized designee, and the City of Sulphur, hereinafter referred to as ("Municipality"), appearing herein through its Mayor, Mike Danahay, duly authorized.

WITNESSETH:

WHEREAS, pursuant to the provisions of LSA-R.S. 48:193, DOTD is directed to repair and to keep in operating condition, at its sole cost and expense, all municipal roads and streets within the State Highway System as it is defined in LSA- R.S. 48:191, hereinafter sometimes referred to as the "State Highway System" or "State Roadway"; and

WHEREAS, further, LSA-R.S. 48:193 authorizes municipalities to request that the repair and maintenance of said State Roadways located within their respective municipalities be performed by the municipality, at the State's expense; and

WHEREAS, DOTD lacks sufficient personnel and equipment to perform mowing and litter collection on a routine and continuing basis and wishes to enter into an agreement with the **Municipality** to perform maintenance directly related to mowing and litter collection on the State Roadways located within the City of Sulphur; and

NOW, THEREFORE, it is hereby agreed between DOTD and Municipality:

ARTICLE I: Covered Roadways:

This Agreement applies only to those State Roadways identified on the List of Routes for Maintenance Agreement shown on Exhibit "A", a copy of which is appended hereto and made a part hereof by reference. These State Roadways are collectively referred to as "State Roadways" and, for purposes of this Agreement, the term "State Roadways" shall include all rights of ways and roadway shoulders associated with the State Roadways.

ARTICLE II: Mowing Litter and Trash Collection

The **Municipality** shall conduct its operation in a manner such that the safety and convenience of the public shall be regarded as a priority. All equipment and traffic control devices shall be in accordance with the Manual on Uniform Traffic Control Devices. The

Municipal Agreement Page 3 of 13

DOTD reserves the right to stop the **Municipality** from working or order any piece of equipment removed from the roadway or right of way should it be determined that the minimum safety standards are not being met.

Prior to beginning a litter collection or mowing cycle the Municipality shall contact the DOTD District Office or the Parish Maintenance Office advising them of the starting date.

The Municipality will be required to report daily work activities on the form provided (Exhibit "B" attached) and shall include the work completed (mowing) and litter amount in cubic yards collected each day for the duration of the cycle or period of time that the work is being performed.

Completed Forms shall be maintained by the municipality and shall be submitted to the DOTD district contact with the semi-annual invoice for covered time period.

Failure to turn in the Completed Form with the semi-annual invoice will delay payment until the required Daily Work Reports are submitted.

The **Municipality** shall pick up and properly dispose of all trash and debris located on the State Roadways prior to conducting mowing operations. Litter and trash collection shall precede the mowing operation by no more than 24 hours. The **Municipality** shall perform litter and debris pick-up on all grass and vegetative areas, ditches, paved roadside shoulders and areas beneath overhead bridges and roadways. All litter, trash and debris uncovered by the mowing operation shall be picked up within 48 hours of the mowing operation. All litter, trash and debris shall be collected and piled or bagged off of the travel lanes and paved shoulders of the State Roadways and must be removed from the right-of-ways by the close of business the same workday that it is collected. **Municipality** shall provide, at its own expense, all equipment necessary to perform the duties provided for in this Agreement, including but not limited to, all trash bags, mowing and trimming equipment and herbicide applicators. **Municipality** shall record and document the amount of litter collected and report these amounts to the appropriate DOTD District Engineer at the time invoices are submitted for payment.

For purposes of this agreement litter, trash and debris shall mean all trash, debris, litter, junk, rubbish, paper, cardboard, glass, cans, discarded items, garbage, old tires, treads, dead trees, wood materials, concrete, etc. The Municipality will not be required to pick up every isolated cigarette butt, chip of glass or similar small objects.

The **Municipality** shall mow grass and cut or otherwise control mowable vegetation along ditches, around signs, guardrails and bridge ends, trim overhanging grass along curbs, and remove litter and debris within the designated, dedicated or apparent right of

way. For purposes of this Agreement, <u>mowable vegetation is defined as</u> any trees, vegetation, brush, etc., that is two inches in diameter or less measured five inches above the ground. Mowing and litter removal shall be accomplished a minimum of four (4) times per year. <u>The dates of the mowing operations shall be set forth on the Mowing Plan submitted by Municipality to Roadside Development Coordinator assigned to the **DOTD** <u>District where the mowing operations are to take place</u>.</u>

Natural stands or planted stands of wildflowers shall not be cut until after seed heads have formed unless, in the opinion of **DOTD** District Administrator, the flowers are causing a traffic hazard or have a very undesirable appearance.

If, during the term of this Agreement, **DOTD** alters or makes repairs to State Roadways covered by this Agreement, **DOTD** will initiate contact with the **Municipality** to revise mowing and litter pick-up practices for the applicable State Roadway.

The **Municipality** shall be responsible for payments to its employees and contractors who perform work pursuant to this Agreement and shall be responsible for payroll taxes and benefits due each employee who is assigned to work pursuant to this Agreement.

Nothing herein is intended to create a statutory employer relationship between **DOTD** and the employees or contractors of the **Municipality**.

ARTICLE III: Use of Herbicide/Chemicals in Mowing Operations

The **Municipality** may utilize Vegetation Management Plans involving the use of herbicides/chemicals by the **Municipality**, provided that the **Municipality** obtains written approval from the **DOTD** District Administrator. The Municipality may elect to enter into a contract with third parties to administer herbicides. The following conditions shall apply to all Vegetation Management Plans involving the use of herbicides/chemicals whether performed by the **Municipality** or its contractor:

All liability arising from the use or misuse herbicides/chemicals pursuant to this Agreement shall be the responsibility of the **Municipality** and, when applicable, the **Municipality's** contractor making said chemical applications.

Municipality shall notify **DOTD** of its intention to apply chemicals for growth retarding purposes. Said notification shall be in writing and shall be included in the Municipality's Roadside Management Plan. The Roadside Management Plan shall include projected mowing and spraying schedules for the yearly contract. All herbicide applicators must possess a Category 6 Pesticide Applicators license obtained through the Louisiana Department of Agriculture and Forestry. A copy of licenses shall be included in the

Municipality's Management Plan if the work is to be performed by **Municipality** employees. If herbicide/chemical application will be performed by **Municipality's** contractor, proof of insurance and required Louisiana licensing procedures shall be followed. The **DOTD** reserves the right to inspect and approve all forms of application equipment when making herbicide/chemical applications to **DOTD** Roadways and rights of ways.

All herbicide/chemical applications performed from the traveling roadway shall be performed in accordance with **DOTD's** "Safety Policy and Procedure Manual". This shall include, but is not limited to, the use of arrow boards and crash attenuators when applications are made from the inside lane or fast-moving lane on divided highways. The **DOTD** reserves the right to approve all herbicides/chemicals used in herbicide/chemical treatments to **DOTD** rights of ways. A list of herbicides/chemicals and the quantities to be used are contained in the **DOTD** Policy for Roadside Management.

The **DOTD** reserves the right to disallow the use of Integrated Roadside Management practices in sensitive areas or sites or sites deemed by **DOTD** as unsuitable for such practices.

The **Municipality** or its contractor shall consult with the **DOTD** Roadside Development Coordinator, on an annual basis, to verify whether any of these conditions exist.

The maximum number of generalized herbicide applications, shall be limited to two (2) per growing season.

The maximum number of generalized seed-head suppression applications shall be limited to two (2) per growing season.

A combination of the above two types of spraying maybe allowed, but no more than two in any given growing season.

Further, there shall be a contract mowing cycle interspersed between any two herbicide applications.

Spot Treatments:

Spot treatments for weed control shall be allowed. Products used for spot treatments shall have no injurious effects to the predominant turf grass. Chemical control of grasses and weeds around signs, guardrails, light standards, revetments and bridge ends will be allowed. The Municipality shall obtain prior approval from the District Roadside Development Coordinator for the chemicals used by the **Municipality** for spot treatments.

Municipal Agreement Page 6 of 13

All concerns or questions relating to the use of herbicides shall be directed to the **DOTD** District Administrator.

ARTICLE IV: Reimbursement

DOTD will reimburse the Municipality on a semi-annual basis for work performed pursuant to this Agreement. The documentation required in Article II shall be submitted with each invoice. Payment will be withheld until the documentation is submitted and approved by DOTD.

ARTICLE V: Payments

Municipality shall be reimbursed by **DOTD** the amount of Eight Hundred Seventy Five and 00/100 Dollars, (\$875.00) per cycle, per mile for Interstate Roadways; Five Hundred and 00/100 Dollars, (\$500.00) per cycle, per mile for divided State Roadways: and Two Hundred Fifty and 00/100 Dollars (\$250.00) per cycle, per mile for undivided State Roadways. All such payments shall be for work performed under the provisions of Article II - Litter and Trash Collection of this Agreement.

The total mileage to be maintained by the **Municipality** pursuant to this Agreement and for which the **Municipality** is entitled to reimbursement by **DOTD** is 9.30 miles. Of this, 0.00 miles are Interstate Roadways; 1.54 miles are divided State Roadways and 7.76 miles are undivided State Roadways. The total maximum amount for which the **Municipality** may claim reimbursement is **TEN THOUSAND EIGHT HUNDRED FORTY AND 00/100 DOLLARS**, (\$10,840.00). It is understood and agreed that the rates per cycle, per mile at which the **Municipality** is to be reimbursed are without regard to the type of wearing surface of the traffic lanes or other features of the State and Interstate Roadways covered by this Agreement.

ARTICLE VI: Substandard Performance

If, in the opinion of the **DOTD** District Administrator, the **Municipality** has failed to properly fulfill its obligation with respect to any or all State Roadways covered by this Agreement, and after the **Municipality** has been notified in writing and given adequate opportunity to correct the condition, the **Municipality** has failed or refuses to correct said problem, the **DOTD's** District Administrator may order the **DOTD** maintenance forces to perform such work as, in his or her opinion, is necessary for the proper maintenance of the State Roadways and the **DOTD** may deduct the cost thereof from any monies due or that become due to **Municipality**.

ARTICLE VII: Indemnification

The Municipality shall defend, indemnify, save and hold harmless the State of Louisiana, through the Department of Transportation and Development, its offices, agents. servants and employees, including volunteers, from and against any and all claims, demands, suits, judgments of sums of money, attorneys' fees, court costs, expense and liability, to any party or third person, including, but not limited to, amounts for or arising out of injury or death to any person for loss of life, injury, damage, loss or destruction of any property, or damages for tort or breach of contract or any other basis of liability growing out of, resulting from, or by reason or any act, omission, operation or work of the Municipality, its agents, contractors, servants and employees, or on account of negligence in safeguarding the work or through use of unacceptable materials in maintaining the work, or because of any negligent act, omission or misconduct of the municipality, or because of claims or amount recovered from infringement of patent, trademark or copy right, or from claims or amounts arising or recovered under Worker's Compensation Act, or other law, ordinance, order or decree, or any and all costs, expense and/or attorneys' fees incurred by the municipality or DOTD as a result of any claims, demands, and/or causes of action while engaged upon or in connection with the performance of this Agreement by the Municipality or its contractors, employees, agents and assigns under this Agreement, except for those claims, demands, and/or causes of action arising out of the sole negligence of the Department or its agents, representatives and/or employees. The Municipality agrees to investigate, handle, respond to, provide defense for and defend, any such claims, demand or suit at its sole expense and agrees to bear all other costs and expenses related thereto, even if such claim, demand or suit is groundless, false or fraudulent.

ARTICLE VIII: Funding Contingency

The continuation of this Agreement is contingent upon the appropriation of funds by the Louisiana State Legislature to the **DOTD** to fulfill the requirements of this Agreement. If the Legislature fails to appropriate sufficient monies to provide the continuation of this Agreement, or if such appropriation is reduced by veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of this Agreement, this Agreement shall be reduced or terminate on the date said funds are no longer available.

ARTICLE IX: Limitation On Use of State Funds

The **Municipality** agrees to use the funds provided by the State through **DOTD** only for the services authorized in this Agreement and in accordance with constitutional and statutory restrictions on the use of State funds for public purposes.

ARTICLE X: Term and Cancellation

This Agreement shall begin on **July 1, 2024**, and shall end on **June 30, 2025**, but may be terminated earlier under any or all of the following conditions:

By mutual agreement and consent of the parties hereto.

By the **DOTD** as a consequence of the failure of the **Municipality** to comply with the terms or quality of work in a satisfactory manner.

By either party upon failure of the other party to fulfill its obligations as set forth in this Agreement.

By either party giving thirty (30) days written notice to the other party.

By the **DOTD** upon withdrawal or reduction of funding by the Louisiana Legislature or by any other lawful manner.

By either party as the result of an Act of God that prohibits performance, by either party, of duties proscribed in this Agreement.

If termination is made under condition four (4), above, after work has begun, the **Municipality** will be paid for all services rendered to date of termination.

DOTD may, at its option, suspend the services performed pursuant to this Agreement, without penalty of any kind, and without terminating the Agreement. Should the DOTD desire to exercise this right of suspension, it may do so by providing the Municipality with prior written notice of its intent to suspend the Agreement, thirty (30) days in advance of the effective date of suspension. The Agreement may be reinstated and resumed in full force and effect by DOTD by providing the Municipality with sixty (60) days written notice to that effect.

ARTICLE XI: Claims for Liens

The **Municipality** shall hold the **DOTD** harmless from any and all claims for liens for labor, services or materials furnished to the **Municipality** in connection with the performance of his obligations under this Agreement.

ARTICLE XII: Compliance With Laws

The **Municipality** agrees to abide by the requirements of the following as applicable: Title VI and Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, Federal Executive Order 11246 as amended, the Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, the Fair Housing Act of 1968 as amended, and the **Municipality** agrees to abide by the requirements of the Americans with Disabilities Act of 1990.

ARTICLE XIII: Agreement Modifications

Any changes or modifications to the terms of this Agreement must be made by a fully executed Supplemental Agreement.

ARTICLE XIV: Disputes

Any dispute concerning a question of fact in connection with the work not disposed of by this Agreement or by agreement of the parties shall be referred to the **DOTD's** Secretary or his duly authorized representative for determination, whose decision in the matter shall be final and conclusive on the parties to this Agreement.

ARTICLE XV: Record Keeping, Reporting and Audits

The **Municipality** shall maintain all books, documents, papers, accounting records and other evidence pertaining to costs incurred relative to this project and shall make such materials available at their respective offices at all reasonable times during the Agreement period and for three years from the date of final payment under this

Agreement, for inspection by the **DOTD** Audit Control Section, the Legislative Auditor, and/or the Office of the Governor, Division of Administration Auditors under State

and Federal Regulations effective as of the date of this Agreement and copies thereof shall be furnished if requested.

ARTICLE XVI: Covenant Against Contingent Fees

The **Municipality** warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the **Municipality** to solicit or secure this Agreement and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the **Municipality**, any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon or resulting from the award or making of this Agreement.

The **DOTD** shall have the right to annul this Agreement without liability or, in its discretion, deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee if the **Municipality** breaches or violates this warranty.

No member of or delegate to Congress or resident commissioner shall be entitled to any share or part of this Agreement or to any benefit that may arise there from, but this provision shall not be construed to extend to a contract if made with a corporation for its general benefit.

ARTICLE XVII: Subletting, Assignment or Transfer

The **Municipality** shall not subcontract any of his duties or responsibilities under this Agreement without the express written consent of DOTD.

PART 1: INFLUENT FLOW/LOADINGS (all plants)

A. List the average monthly volumetric flows and BOD loadings received at your facility during the last reporting year.

Column 1 Average Monthly Flow (million gallons per day, MGD)		Column 2 Average Monthly BOD5 Concentration (mg/l)		Column 3 Average Monthly BOD5 Loading (pounds per day, lb/day)
7.51	x	93.1	x 8.34 =	5831
5.28	x	137	x 8.34 =	6033
5.89	x	121	x 8.34 =	5944
6.74	x	104	x 8.34 =	5846
6.17	x	94.7	x 8.34 =	4873
4.96	x	112	x 8.34 =	4633
4.75	x	93.8	x 8.34 =	3116
4.95	x	77.8	x 8.34 =	32/2
5.57	x	80.8	x 8.34 =	3753

4.29	x	124	x 8.34 =	4437
4.56	x	106	x 8.34 =	4031

BOD loading = Average Monthly Flow (in MGD) x Average Monthly BOD concentration (in mg/l) x 8.34

B. List the design flow and design BOD loading for your facility in the blanks below. If you are not aware of these design quantities, refer to your Operation and Maintenance (O&M) Manual or contact your consulting engineer.

Design Flow, MGD: 9.0 x 0.90 = 8.10Design BOD, 1b/day: 11,259 x 0.90 = 10,133

C .	How many months did the monthly flow (Column 1) to the wastewater treatment facility
	(WWTF) exceed 90% of design flow? Circle the number of months and the corresponding point total. Write the point total in the box below at the right.

months	0	1	2	3	4	5	6	7	8	9	10	11	12
points	0	0	0	0	0	5	5	5	5	5	5	5	5

Write 0 or 5 in the C point total box C Point Total

D. How many months did the monthly flow (Column 1) to the WWTF exceed the design flow? Circle the number of months and corresponding point total. Write the point total in the box below at the right.

RESOLUTION NO. M-C SERIES

Resolution authorizing the First Amendment to the Time Contract for the collection of solid waste.

BE IT RESOLVED by the City Council of the City of Sulphur, Louisiana, the governing authority thereof, that they do hereby authorize Mayor Danahay to sign the First Amendment to the Time Contract for the collection of solid waste as follows:

FIRST AMENDMENT TO TIME CONTRACT FOR THE COLLECTION OF SOLID WASTE

This FIRST Amendment is hereby entered into by and between the City of Sulphur, Louisiana, a political subdivision and body politic organized under the laws of the State of Louisiana (hereinafter referred to as "City") and Waste Management of Louisiana, L.L.C., a Delaware limited liability company, being represented herein by _______, its duly authorized representative (hereinafter referred to as "Waste Management"), also referred to herein as "Contractor":

WITNESSETH, that in consideration of the terms, conditions and mutual covenants contained herein, the City of Sulphur, Louisiana and Waste Management of Louisiana, LLC agree as follows:

WHEREAS, the parties hereto entered into an agreement entitled "Time Contract for the Collection of Solid Waste," entered into pursuant to City Ordinance and effective for a five year term commencing July 1, 2019, ("the Agreement" or "Original Contract"); and

WHEREAS, the City and Waste Management desire to extend the term of the Agreement for an additional one year according to the terms of the Contract, as amended herein;

NOW, THEREFORE, the parties hereto agree that the Agreement is amended as set forth below. All terms and conditions of the Agreement not modified herein shall remain in full force and effect.

- 1. Term and Option to Extend. The term of the Agreement is hereby extended for an additional one-year period beginning July 1, 2024. This Agreement shall be further extended for an additional term of four (4) years unless the City notifies Waste Management in writing not less than ninety (90) days prior to the expiration of the then current term of its intention to terminate the Agreement.
- 2. Rates and CPI Adjustment. Effective July 1, 2024, the base rate for service shall be twenty and 14/100 dollars (\$20.14). On July 1, 2025, there shall be an inflation adjustment of 100% of the change, if any, in the Consumer Price Index for Water, Sewer, and Trash CPI, Not Seasonally Adjusted, All Areas ("WST CPI"), looking back on the most recent twelve month period available immediately preceding that date, and then adjusted in like manner on July 1st annually thereafter. No other costs or adjustments will be made to this annual

inflationary adjusted base rate.

3. In the event a separate task order is entered into for additional collection or collection routes related to a declared natural disaster with separate compensation as per the task order, all of the federally required clauses and terms referenced in the Calcasieu Parish Solid Waste Collection and Disposal Agreement with Waste Management, as amended from time to time, are hereby included herein by reference, including specially those clauses referenced in its Amendment No. 5 and referenced as amending and restating Section XI of Amendment No. 1 with related attachments, all of which are attached hereto and included herein by reference.
