PRESS RELEASE- FOR IMMEDIATE RELEASE

Due to extreme heat, the City of Sulphur is under a **mandatory water conservation**. We are asking residents to conserve water until further notice. Water conservation is critical in allowing our systems to rebuild and maintain pressure to avoid issuing a boil advisory. Citizens will be notified when the Mandatory Water Conservation is lifted.

Thank you for your patience in this matter.

Please follow the guidelines listed in Ordinance No. 520 for watering yards and gardens during a mandatory water conservation:

- Owners and occupiers of residences and businesses with odd numbered street addresses shall be permitted to water their lawns and gardens only on Tuesdays, Thursdays, and Saturdays between midnight and 2:00 p.m.
- Owners and occupiers of residences and businesses with even numbered street addresses shall be permitted to water their lawns and gardens on Wednesdays, Fridays, and Sundays, between midnight and 2:00 p.m.
- Owners and occupiers of residences and businesses that do not have street addresses shall be permitted to water their lawns and gardens only on Tuesdays, Thursdays, and Saturdays between midnight and 2:00 p.m.
