Press Release - Lane Closures

Contractors will begin work on a 22-foot by 14-foot section of the south-bound lane of South Post Oak Road located in front of the post office. The damage was originally caused by repairs being done in the area.

Construction is expected to last until the end of next week. During construction, the south-bound lane of South Post Oak Rd. pictured below, will continue to be closed. Signage and cones will be placed out to alert drivers.

Thank you for your patience in this matter.
